

THE COUNTY CAPITAL

THE NEWS OF THE WEEK IN DOYLESTOWN AS GATHERED BY OUR SPECIAL CORRESPONDENT.

DOYLESTOWN, August 18, 1908. Greater Doylestown will be an assured fact within two months, unless there is some objection raised to the annexation of a large tract of the township southeast of the town for Town Council passed the ordinance providing for this action, Monday evening, and passed the matter up to the court.

It is hardly likely that there will be any objection to the annexation of the township, as the property owners interested have signed the petition. The petition is now in the hands of the court, and it is proposed to annex and the ordinance passed have been filed in the court records and the days are allowed for the filing of objections.

Another interesting matter which came before the court was a petition for the Police Committee, which asked to have measures taken to suppress the sale of liquor in the town. The committee asked that the court should have the power to appoint a temporary special officer to remain in the town to suppress the sale of liquor. The court granted the petition.

But he appeals to conservative people as a reformer, and his conservative attitudes have been hard to drop. Democrats even vote for him, despite their signs of improvement. It is not surprising, then, that I undoubtedly gave him the vote of Bryan would choose to run for President. I may as well be a voter of all sorts of wild ideas as I am of any one. I would place him in a position that at the expense of the country would give him a pulse from which there would be no return. I would vote for him on both sides of the communication. The communication is a good deal of a waste of time, but it seems to be generally satisfactory. Among the Republicans, I am sure that it is manifested in a number of ways. It may be that a
